MONTHLY SPOTLIGHT

City of Eugene and 4J Schools Awarded Safe Routes to School Infrastructure Grant

Recognizing the need for safer pedestrian crossing facilities and improved bicycle infrastructure, Oregon's Department of Transportation recently announced a \$495,000 award in federal Safe Routes to School (SRTS) funding for the City of Eugene.

Eugene's grant is one of only eight awarded statewide for the 2010 and 2011 SRTS grant cycle. In a collaborative effort, faculty and parents from seven elementary and middle schools, 4J's SRTS coordinator, and Eugene Public Works staff worked to develop a number of safety improvements designed to create a safer and more conducive environment for children walking and biking to school. Projects include crosswalk enhancements, path and sidewalk improvements, new bicycle parking facilities, and wayfinding signs.

Design and construction will occur between 2010 and 2011.

For more information, visit <http://eugenesrts.org> or contact Associate Transportation Planner, David Roth at david.f.roth@ci.eugene.or.us or 541-682-5727.

Improving Safety One Helmet at a Time

Over the past three years, the City of Eugene's Transportation Planning Team has donated more than 100 helmets per year to the community at targeted events such as the annual Project Homeless Connect and to children at a number of affordable housing developments. Carrying on and expanding this tradition of providing free safety equipment for bicyclists, the Transportation Planning Team recently received a grant to fund the purchase of additional helmets to reach even more people in need. Grant funding is made available through the Association for Community Traffic Safety (ACTS), based in Beaverton. For more information, contact Lee Shoemaker at lee.shoemaker@ci.eugene.or.us or at 541-682-5471.

FEATURED NEWS

Mechanics Needed for Project Homeless Connect

The 2010 Project Homeless Connect for Lane County is happening on Thursday, March 18th from 9am – 3pm at the Lane Events Center. We are once again asking for 15-20 volunteer bicycle mechanics to help with bicycle repair and servicing, and 6-8 volunteers to help with bicycle intake and registration. Volunteers may sign on to work the whole day, or part of the day. We will need intake volunteers and mechanics on site and ready to go at 8:30am. We serviced about 125 bicycles at last year's event. We need mechanics who are comfortable doing minor repairs (replace tires and tubes, repair brakes, lube chains and cables,

minor wheel truing and other adjustments) on bikes in various states of disrepair. It will be very busy and rewarding work. Mechanics should have their own tools and a work stand. The event will provide parts, lube, towels and rags, hand cleaner, a truing stand and an air compressor for your use. We are also asking for donations of new repair parts (tires, tubes, pedals, cables, brakes shoes, etc.) or cash donations to purchase needed parts and supplies. If you are able to volunteer a few hours of your time to help those that are less fortunate, or if you want to donate cash or parts to the event, please contact Kevin Ko at kko@ci.springfield.or.us or at 541-726-2302. For many of our homeless brethren, their bicycle is their only mode of transportation. Any assistance you can provide will be greatly appreciated. You can learn more about the event at <http://www.homelessconnect.org/2010.htm>.

UO Bike Program Receives Permanent Funding

On Friday, the Erb Memorial Student Union voted in favor of permanently funding the UO Bike Program within the Outdoor Program!!!! Board members discussed the value and recognition of the program, and the potential it has to continue making UO a leader in sustainability and bicycle transportation. The Board was taken aback by the diverse support UO Bike Program has by campus and community leaders; we received 11 letters of support! This funding will allow us to plan further into the future and continue to work with you on fantastic programming and events, not to mention push Eugene and UO to decrease our environmental footprint.

PUBLIC MEETINGS AND INPUT OPPORTUNITIES

Poor Economy Strains LTD Budget

Each year, LTD performs a thorough analysis of bus service and the budget to recommend changes that are implemented in the fall. This year LTD is reducing service due to a decrease in the payroll tax. Payroll and other employment taxes make up approximately 75 percent of LTD's operating budget, and unfortunately this year's payroll tax revenues continue to decline due to the poor economy. Passenger fares represent approximately 20 percent of the resources needed to operate service. LTD is facing a \$3.5 to \$4 million budget shortfall in 2010, which will require significant service reductions. For more information visit the [LTD website](#).

LTD WANTS TO HEAR FROM YOU!

Plan to attend an LTD open house or public hearing. View the proposed changes and provide feedback.

Lane Car Share Public Meeting – February 23

In our first public meeting, we'll discuss our plans to bring sustainable not-for-profit car sharing to Eugene and Springfield. Car sharing is pay-by-use car ownership designed for folks who need a car less than five days each week. Shared minivans and pickup trucks can also allow families to own a more fuel-efficient car if they need access to a large vehicle less than five days each week. Members drive less and exercise more, making car sharing good for the environment, health, and alternative transportation.

Branden Rishel has recently relocated to Eugene from Victoria BC, where he was the manager of the successful Victoria Car Share Co-op. The Victoria Car Share has 20 vehicles and hundreds of members in a city about the same size as Eugene and Springfield. Each member spends about \$500/month less on transportation than the average cost of owning a small car --- including depreciation, insurance, gas, interest, repairs, etc.

Although we've already met with enthusiastic planners, developers, and business owners, we're ready to move to the next step. Starting with a series of public meetings, we'll attract the support necessary to launch a not-for-profit car share.

Come join us on Tuesday February 23rd at 6:30pm in the Bascom Room of the downtown library. Please bring your questions and ideas.

CITY RESOURCES

Report a Pothole Program

It's easy to report a pothole to the Eugene Public Works Maintenance Division! There is even a handy online pothole reporting form available at www.eugene-or.gov/pothole! The form will ask for some brief information about the pothole, including its location (if on the path, try to give as much location info as possible). There's also a place for you to provide your contact information. If you would prefer, you can call Public Works Maintenance at 541-682-4800 between 8 a.m. and 5 p.m. Monday through Friday and file the report over the phone.

If you'd like to follow up with the City after making a pothole request, just send an email to pwmaintenance@ci.eugene.or.us with the word "pothole" in the subject line.

(Please remember that Eugene Public Works only repairs potholes on streets/paths in the city of Eugene. We will make a field inspection of every reported pothole within two business days. In many cases we will immediately fill the pothole; however, in some cases we may choose to wait to schedule an alternate treatment such as maintenance overlay. FMI: go to www.eugene-or.gov/pothole)

COMMUNITY RESOURCES

Water Bottles to Benefit the Jane Higdon Foundation

Honorary water bottles are being sold, with all proceeds going to help support the Jane Higdon Memorial Fund. The water bottles are \$5.00 and being sold at Newman's Fish Co. at 1545 Willamette Street, Eugene. Jane was an avid cyclist. She wanted to make a difference in the world and focused on ways to make her life more meaningful. She was tragically killed in 2006, when she was struck by a truck while on a bicycle training ride on a beautiful Oregon rural road.

The Memorial Fund supports scholarships and grants to encourage girls and young women to pursue healthy, active lifestyles and academic excellence. The Memorial Fund also makes donations to non-profits that advocate and work for bicycling and pedestrian safety in Oregon. Additional information can be found at: www.janehigdonfoundation.com

Don't Forget to Purchase Your "Share the Road" License Plates

Oregon residents can help support cycling throughout Oregon by purchasing "Share the Road" license plates from the Oregon State Department of Motor Vehicles. Proceeds go to the [Bicycle Transportation Alliance](#) and [Cycle Oregon](#) to help fund bicycle education and advocacy.

GOVERNMENT

[Point2Point Solutions](#) promotes and offers transportation options programs to the Lane County region's businesses, organizations, and educational institutions for their employees, staff and students. It is supported by Lane County's jurisdictions and is housed at Lane Transit District.

<http://www.ltd.org/cs/csindex.html>

www.eugene-or.gov/bicycles the City of Eugene website contains bike maps and resources for biking in Eugene.

www.KeepusMoving.info This site is user friendly and contains regional information about the transportation planning process, current projects, and information about transportation options. The site is maintained by the Lane Council of Governments.

The [Oregon Department of Transportation](#) (ODOT) website includes links to the [Oregon Bicycle Manual](#) and information on laws and regulations and a list of [bike travel web resources](#).

Smart Ways to School (www.swts.ltd.org) offers free services to parents of K-12 students to help them walk, bike, carpool, or ride LTD to school. We offer a SchoolPool, a free carpool-match service. We can help parents find other students to form a walking or bicycling "school bus." Smart Ways to School also manages the free LTD pass program for students in grades 6-12. Call 682-6212.

[The University of Oregon Craft Center](#) frequently offers classes on bicycle maintenance. Go to <http://craftcenter.uoregon.edu/#9> for more information.

The [U of O Department of Public Safety](#) strongly encourages bicycling as a way of responsible transportation. With Oregon weather, bicycling in winter months can be discouraging and challenging for

those that may not have the proper riding gear. You'll find information in this site about the availability of covered parking, safety recommendations, and a listing of local shops where you may purchase adequate gear for the conditions.

COMMUNITY PARTNERS:

The Bicycle [Transportation Alliance \(BTA\)](#) is a statewide organization that works to promote bicycle use and safety and to improve bicycling conditions throughout the state of Oregon. In the Eugene/Springfield area, the BTA's Bicycle Safety program brings safety education to middle schools every year. For more information, go to www.bta4bikes.org .

BikeLane Coalition is a local non-profit organization that promotes safe cycling in Lane County. Membership opportunities include the Corporate Membership option: web page for the company, commuting assistance and route planning; and the Premium Membership option that includes membership in the League of American Bicyclists, The League Magazine, Bicycle Magazine, Roadside assistance and the usual benefits of membership such as discounts at participating bike shops. A discount is offered for those already members of other local cycling organizations. For more information go to www.bikelanecoalition.org

[Center for Appropriate Transport \(CAT\)](#) is a non-profit organization committed to community involvement in manufacturing, using, and advocating sustainable modes of transportation. The first organization of its kind, the Center was founded in Eugene, Oregon in the fall of 1992. Since that time the CAT has established a number of projects under one roof designed to further this mission including Pedalers Express delivery service, education and youth programs, Eugene Bicycle Works community bike shop, and more. CAT has also established an apprenticeship program that focuses on cargo bike frame building. For more information, go to www.catoregon.org

[Eugene-Springfield Mossback Volkssport Club](#) - Volkssports, literally "popular" or "folk" sports, are organized walking, swimming, bicycling, roller skating, and cross-country skiing events providing exercise that contributes to physical fitness. The Mossback Club usually meets on the third Wednesday of each month at 7:00 pm at the Willamalane Senior Adult Activity Center, 215 West C Street, Springfield. Please call 726-7169 or 747-6470, to verify meeting location. Club events are listed and described at their website, www.mossbacks.org. For more information contact Carmella at mossbacksclub@comcast.net .

[GEARS \(Greater Eugene Area Riders\)](#) invites the community to join club members on [several weekly bike rides](#). Rides vary in location, distance, and terrain. The main purpose of GEARs is to foster bike riding. All cyclists must wear an ANSI or SNEL/ASTM approved helmet. Riders should also carry a water bottle, tire pump, spare tube and patch kit.

Everyone is welcome to attend Eugene GEARs Board Meetings. For more information or times and location go to www.eugenegears.org/

The Eugene Safe Routes to School Program is a community approach to encourage and enable more people to walk and bike to school safely. We support schools and families in their efforts to increase active transportation choices by supporting individual SRTS committees, growing bicycle and pedestrian education for adults and children, and working to establish policies that encourage healthy, fun, and safe transportation choices.
